Extranex Service and Testing Services

PRICE LIST ♦ 2003/2004

Extranex™ communication charges

Effective from 1 April 2003

Installation charges

	Primary or back-up 1 installation (£)	Back-up 2 ² or test ³ installation (£)
Extranex 64	3,500	n/a
Extranex 128-2000	8,500	6,500

Annual charges

	Primary or back-up 1 installation (£)	Back-up 2 ² or test ³ installation (£)
Extranex 64 ¹	4,500	n/a
Extranex 128	10,000	7,500
Extranex 256	18,000	13,500
Extranex 320	21,000	15,800
Extranex 384	25,000	18,800
Extranex 448	30,000	22,500
Extranex 512	35,000	26,500
Extranex 2000	55,000	41,500

Notes

1. An ISDN line is required to provide the resilient circuit for an Extranex 64 service. Customers will need to arrange this provision and confirm it to their Account Manager.
2. Back-up 2 can only be taken on a one-for-one basis with a primary Extranex subscription.
3. Test connections can only be used for connection to the Exchange's test services.

All UK prices are based upon the Exchange's standard telecoms provider(s) for each location and installation type. The Exchange reserves the right to vary its prices, should (after a site survey) the standard provision appear not to be practicable or possible or if the Exchange is able to accommodate the customer's request for an alternative provider. In this instance, a separate quotation will be provided to the customer.

All prices exclude VAT. The prices are quoted in UK sterling.

All prices are for UK installations only. For overseas charges including the Republic of Ireland, the Isle of Man and the Channel Islands please contact your Account Manager. For terms and conditions relating to these services, please refer to the Extranex Communication Service Contract and Order Form.

Testing services

Effective from 1 April 2003

Prices for conformance and development testing to London Market Information Link (LMIL)TM, trading, testing and other services which may be accessed via the Extranex service.

---	------

Notes

1. Conformance test session length is five hours max.
2. Live connectivity test session is two hours max.
3. Customer development test session is 14 hours max.
4. A single test session can be used for testing either LMIL information or trading services (but not both).
5. Cancellations with less than 48 hours notice, excluding Exchange non-working days, will be chargeable at the above full rates.
6. The test price list applies to all testing using Extranex communication services.
7. The standard booking notice period is three working days.

An additional £200 per test session will be invoiced for less than three days notice.

8. The Continuous access service will utilise a single trading and information enablement. Subscribers wishing for additional continuous access trading or information enablements will be charged an additional £1,000 per annum per enablement.

For terms and conditions relating to these services, please refer to the Testing Services Order Form and Testing Agreement.

The Exchange reserves the right to amend any prices at its sole discretion.

For further information please contact our Account Management department on +44 (0)20 7797 4242.

Testing services continued

Effective from 1 April 2003

Extranex test credit allocations - new installations¹

	Host to host accredited software ²		Host to host non-accredited software		Trading access workstation	Vendor access network
	Trading services	Information services	Trading services	Information services	Market access workstation	Vendor access network
Technical readiness test (TRT test)	1	1	1	1	0	0

Conformance test (CBT or full)	0	0	5	5	0	0
Live connectivity test (LCON test)	1	1	1	1	1	1

Notes

1. Software houses and vendors will not be allowed to use customer credits, without prior written authorisation from the Exchange. The test credits are allocated to the company which orders the SAP installation.

2. Please contact your Account Manager to ascertain if your choice of software is accredited.

For terms and conditions relating to these services, please refer to the Testing Services Order Form and Testing Agreement.

The Exchange reserves the right to amend any prices at its sole discretion.

For further information please contact our Account Management department on +44 (0)20 7797 4242.

One off upgrade charges

Effective from 1 April 2003

Upgrade from	Primary and back-up option 1 installation	Back-up option 2 and test installations
Extranex 64 to 128-2000 ¹	£8,500	£6,500
Extranex 128 to 512 (max) ²	£2,500	£2,000
Extranex 128 to 2000 (max) ²	£4,500	£3,500

One off downgrade charges

Effective from 1 April 2003

Downgrade from	Primary and back-up option 1 installation ^{3,4}	Back-up option 2 and test installations ^{3,4}
Extranex 128-2000 to 64	£3,500	n/a
Extranex 512 to 128	£2,500	£2,000
Extranex 2000 to 128	£4,500	£3,500

Notes

1. Upgrading Extranex 64 to 128-2000 – the Exchange will provide a separate quotation for an additional charge if the minimum 12 month term for the existing service has not been met. If the minimum 12 month term has been met the notice period of three months is applicable as per the contract.
2. Upgrade Extranex 128 to 512 to 2000 – customers will not incur an additional charge even if the minimum 12 month period for their existing service has not been met. The notice period of three months is applicable as per the contract.
3. Customers will continue to pay the annual service charge for their existing service until the minimum 12 month term has been met, upon which the lower annual charge will come into effect. The notice period of three months is applicable as per the contract.

4. Downgrade from 'back-up option 1' or a 'primary installation' to a 'back up option 2' or a 'test installation' – customers will continue to pay the annual service charge for their existing service until the minimum 12 month term has been met, upon which the lower annual charge will come into effect. The notice period of three months is applicable as per the contract.

The Exchange reserves the right to amend any prices at its sole discretion.

For further information please contact our Account Management department on +44 (0)20 7797 4242.

Engineering visits for customer power downs

Effective from 1 April 2003

A minimum charge for engineering visits will be invoiced. The table below documents these minimum customer charges.

	London (0207) based SAPs	Rest of UK based SAPs
Weekday minimum call-out rate	£450	£550
Out of hours minimum call-out rate	£600	£750
Weekend minimum call-out rate	£600	£750

Additional hourly charges for visits over three hours

£150 per hour, during normal business hours ¹
£225 per hour, outside of normal business hours ¹
